

Georgia Withholding Tax Affidavit Information

Property Address:

This form is being completed by the Seller in conjunction with the sale or transfer of the Property from _____ to _____.

This form is for the purpose determining your status as the Seller of Georgia property, and, if necessary, obtaining the necessary numbers to complete an Affidavit of Seller's Gain.

O.C.G.A. §48-7-128 states that unless a seller is a resident of Georgia, deemed a resident of Georgia for purposes of withholding, or is exempt under one of the provisions provided for in O.C.G.A. §48-7-128, the State of Georgia requires 3% of the sales price of this Property be withheld at the time of closing and paid to the state of Georgia as a non-resident withholding tax.

O.C.G.A. §48-7-128 further states that to minimize the non-resident withholding tax, a Seller may execute an Affidavit of Seller's Gain determining the net taxable gain from the sale of this Georgia property. Completion of this Affidavit results in the 3% tax being based on the net taxable gain instead of the sales price of the Property.

If Seller is a trust, corporation, limited liability company, limited partnership, partnership, or any other type of entity, then Seller completes this form in his or her representative capacity on behalf of said entity as well as in Seller's individual capacity and completes this form for, on behalf of, and pursuant to proper authority granted by said entity. Seller completes this form knowing the same will be relied upon by certain purchasers, lenders, attorneys, and title companies interested in title to the Property.

Are you a Georgia resident?

- No, seller is not exempt from withholding

If seller is not exempt from withholding, the State of Georgia requires the following equation be used to determine your net taxable gain for the purpose of the non-resident withholding tax. Through the course of closing, our office already possesses the sales price and selling expenses terms of the equation; however, we require you to complete the cost basis and depreciation terms of the equation to accurately calculate your net taxable gain.

Our office cannot assist in determining the cost basis or depreciation; we recommend seeking the advice of an accountant if assistance is necessary. We require these numbers prior to closing in order to complete the settlement statements of the closing.

An Affidavit of Seller's Gain attesting to the completed equation below will be created by our office and executed by you at closing and relied upon by certain purchasers, lenders, attorneys, and title companies interested in title to the Property.
